

# To You

All my life I have dreamed of you  
I've seen your shadow in the rain  
Your face in water's reflection  
Dancing just out of my vision  
Disappearing when I awake.

Don't leave me now, but don't come too close  
Stay there forever, above me  
Where I can feel your sweet presence  
Just enough to sweeten my days.

Yes, you make the sun shine brighter  
You make my tears all the hotter  
You make the rain ever colder  
Until I'm dripping with passion  
With my heart alive in my chest  
Gliding away into the sky  
Feeling motion with my eyes closed  
And spinning delirium.

Stay in my imagination  
Don't touch my face or kiss my lips  
Lest you fade from my dreams for good  
And you lose the magic sparkle  
Of your two ever-fading eyes.
